EDUCATION

Ph.D. in Economics, CERDI — Université Clermont Auvergne, CNRS, IRD, France **2025–present**
Thesis: *Digital Transitions, Agricultural Transformation, and Ecological Trade-offs in Sub-Saharan Africa*
Supervisors: Vianney Dequiedt and Pierre Biscaye

M.Sc. in Development Economics, CERDI — Université Clermont Auvergne, France **2023–2025**
High honors · Valedictorian

M.Sc. in Project Analysis, Université Clermont Auvergne, France **2024–2025**
Honors

B.Sc. in Economic Engineering, University of Dschang, Cameroon **2021–2022**
Honors · Valedictorian

Advanced Technician Diploma in Statistics, ISSEA, Yaoundé, Cameroon **2019–2021**
Graduated with distinction

RESEARCH FIELDS

Development economics · Digital economics · Agricultural and environmental economics · Applied econometrics

WORKING PAPERS

"Wired for Growth? Broadband Internet and Local Development in Africa" **Draft available**
Uses the 2009–2012 arrival of submarine fibre-optic cables in seventeen Sub-Saharan countries to estimate the effect of broadband internet on local economic activity, and traces where the gains land along the terrestrial backbone, mobile towers, and roads that carry the bandwidth to users.

WORK IN PROGRESS

"Collusion in Willingness to Pay Elicitation Mechanisms", with Sherry Banyout (ENS de Lyon), Pierre Biscaye (CERDI), Jules Gazeaud (CERDI), and Nada Rostom (University of Antwerp) **Data analysis**

"When the Internet's Backbone Breaks: Submarine Cable Disruptions and Worker Access to Global Online Labor Markets", with Joël Cariolle (FERDI) **Data analysis**

"Climate Shocks and Price Dynamics: Does Market Integration Matter?", with Pierre Biscaye (CERDI) **Early stage**

"Public Policies to Reduce the Impacts of the Food Sector on Biodiversity", with Céline Bonnet, Zohra Bouamra-Mechemache, Clélia Sirami, and Marine Coinon

RESEARCH EXPERIENCE

Research Assistant, Toulouse School of Economics & INRAE, France **Apr–Sep 2025**
Co-authored a paper on public policies to internalize the food sector's biodiversity impacts: conducted the literature review, built and cleaned the datasets, and drafted sections of the manuscript.

Research Assistant, CERDI — CNRS, France **May–Aug 2024**
Built a historical cross-country database of island colonization from archival and administrative sources; systematically documented all sources, then applied multiple correspondence analysis and hierarchical clustering.

TEACHING EXPERIENCE

Impact Analysis, teaching assistant, 2nd-year M.Sc., Université Clermont Auvergne **2025–present**
Designed and led tutorials on randomized experiments, difference-in-differences, instrumental variables, regression discontinuity, and matching; mentored students in Stata.

Development Economics Seminar, teaching assistant, 2nd-year M.Sc., Université Clermont Auvergne **2025–present**
Supervised student presentations and discussions of recent empirical research in development economics.

Econometrics, teaching assistant, 1st-year M.Sc., Université Clermont Auvergne **2025–present**
Led tutorial sessions on the linear regression model, statistical inference, and the treatment of endogeneity.

PROFESSIONAL EXPERIENCE

Statistician, Ministry of Finance, Yaoundé, Cameroon **2022–2023**
Retrieved, reconciled, and analyzed national budgetary microdata and administrative records under tight deadlines; prepared financial reports for government oversight committees.

Data Analyst Intern, National Institute of Statistics, Yaoundé, Cameroon **Mar–Jul 2021**
Mapped the socio-spatial profile of firms in Douala in QGIS: geocoded establishments, built performance indicators, and analyzed spatial determinants of firm location.

SEMINARS AND CONFERENCES

2026 6th International Conference on Development Economics (ICDE), French Association of Development Economics (AFEDEV), Rouen, France
The West African Digital Transformations Forum, Cotonou, Benin

2025 CERDI Internal Seminar, Université Clermont Auvergne

HONORS, SCHOLARSHIPS, AND AWARDS

2025 Valedictorian, M.Sc. in Development Economics, Université Clermont Auvergne

2023 Eiffel Excellence Scholarship, French Ministry for Europe and Foreign Affairs

2022 Valedictorian, B.Sc. in Economic Engineering, University of Dschang

SKILLS

Statistics & programming	Stata (advanced) · R · Python (web scraping, microdata and geospatial processing) · QGIS · SPSS · LaTeX
Data management	Building and cleaning large historical and cross-country datasets; reproducible workflows
Languages	French (native) · English (professional) · Arabic (basic)
